About me:

I am a dedicated and versatile frontend developer with a passion for creating efficient and user-friendly web applications. With 5 years of professional experience, I have worked with a variety of technologies, including React, Vue.js, Next.js. My journey in web development began with a deep curiosity for how things work, and it has evolved into a career where I continuously strive to learn and adapt to new challenges. I thrive in collaborative environments and enjoy solving complex problems to deliver high-quality solutions. Outside of coding, I enjoy active staying, exploring new technologies, and contributing to open-source projects.

Education:

M.P.Dragomanova, 2018

Bachelor's diploma, Faculty of Physics, specialty 'Physics and Mathematics', 2017

Master's diploma, Faculty of Informatics, specialty 'Computer sciences', 2018
